

Water Usage Stamp

Your current Water Usage Stamp expires on December 31.

You do not need a Water Usage Stamp if your current registration is still valid.

All canoes & kayaks will need a Water Usage Stamp, even non-resident will need a stamp if they are on Illinois public waters.

IDNR Water Usage Stamps Now Available

To buy a Water Usage Stamp, you will need to have your Hull Id Number, Brand, Model, and Color of your boat. You will also need to provide your name, address, phone number, driver's license, and social security # to get an IDNR Customer Number. **See below. Fill out this form and hand to the Clerk.**

The square with the large bold number designating the year is the portion that must be displayed on the craft. Tear it off and follow the adhesive instructions. The other two squares are the proof of purchase retained by the customer same as you would an automobile registration. Customers should not display their personal information on the craft.

Placement of the stamp can be inside the craft but should be located where an officer can see without difficulty.

The Stamp is not self-adhesive. Adhesive material was mailed to each store along with their new price/code sheet and informational bulletin. The clerk should have provided you with Adhesive Material.
